- Remuneration:** Honorarium (Please enquire with Softball WA)
- Reporting to:** Participation and Development Officer
- Essential Criteria:**
- Working With Children Check
 - Level 1 Coaching or Softball Community Coach Accreditation
 - Driver license / ability for personal travel

Detailed Description:

Softball WA is seeking enthusiastic & energetic people from Clubs who have a Level 1 or a Softball Community Coach accreditation. These people will be used to facilitate clinics to Primary Schools before/during and/or after school hours through the Sporting Schools Program using the national Batter Up Program.

The Sporting Schools Program is a national program that gives schools the opportunity to increase children's participation in sport and to connect children with community sporting groups/clubs.

Softball Australia and Softball WA are endorsed to offer Softball Batter Up through the Sporting Schools Program. Softball Batter Up is a multi-session program primarily for children four to twelve years of age. The program is offered at four different levels, introducing participants to the fundamental skills of softball while ensuring maximum participation and enjoyment.

The Softball Batter Up Program is a perfect way to get kids interested in Softball. It offers your club a great opportunity to create more numbers in your youth program by linking up with local schools and facilitating more than one clinic to the same group of children

Softball WA will take responsibility of the administrative work and will provide resources & equipment.
